MENU PROGRAM

# Savory's Globally Inspired Menu Program

From the market stalls of Asia to the bustling street vendors of Latin America, Savory's Globally Inspired Menu Program aims to take you on a journey around the world. The menus are curated by Savory's Executive Culinary team and personalized to fit the globe onto your plate.

Drawing from the diversity of New York City, our Globally Inspired Menus include hand-crafted recipes, designed to rotate and appeal to any sized group over multiple days with something for everyone. Savory's ability to create such diverse cuisine options limit the need to outsource to third party restaurant partners.

Please reach out to a member of our team to discuss pricing and book your next meal!
